# CONTINUING EDUCATION

Please join us for a live webinar with Dr. Philip Hyndman, BVSc, MVM, DACVS-SA.

## Canine Ovariohysterectomy/Ovariectomy: Modern Considerations For A Well-Established Procedure

**Dates:** Thursday, April 28, 2022

**Time:** 7:00pm

**Location:** Microsoft Teams Meeting

### SESSION SYNOPSIS:

This talk will review various considerations for proceeding forward with ovariohysterectomy or ovariectomy as well as some rarely observed complications from a specialist hospital perspective. Additionally, we will review aspects of client education concerning potential consequences of pursuing surgery including the relevance of timing. While many definitive answers remain elusive this talk aims to open discussion amongst veterinary professionals in light of recent literature.

### DR. PHILIP HYNDMAN, BVSC, MVM, DACVS-SA

Dr. Hyndman obtained his Bachelor of Veterinary Science from Massey University and began his career in rural New Zealand. After three years in general practice, Phil directed his focus to become a Diplomate of the American College of Veterinary Surgeons. Over the following six years he completed two Rotating Internships, a Surgical Internship, a Master's of Veterinary Medicine (surgical endorsement), and a Surgical Residency.

After a long journey through multiple countries, Phil and his growing family are excited to call Calgary home and join the community.
