## Feline Urethral Obstructions

**Date:** Tuesday, January 17, 2023

**Time:** Dinner 6:30 PM | Presentation 7:00 PM

**Location:** Western Veterinary Specialist & Emergency Centre

**RSVP:** January 16, 2023

### SESSION SYNOPSIS:

This talk will present information on the management of feline urethral obstructions. We will present information on how to stabilize these cases, manage hyperkalemia and present tips for unblocking. We will discuss surgical approaches to these cases, including timing and when to consider a perineal urethrostomy. We will also present information on how to manage feline lower urinary tract disease long term.

### DR. PHILIP HYNDMAN, BVSC, MVM, DACVS-SA

Dr. Hyndman obtained his Bachelor of Veterinary Science from Massey University and began his career in rural New Zealand. After three years in general practice, Phil directed his focus to become a Diplomate of the American College of Veterinary Surgeons. Over the following six years he completed two Rotating Internships, a Surgical Internship, a Master's of Veterinary Medicine (surgical endorsement), and a Surgical Residency.

After a long journey through multiple countries, Phil and his growing family are excited to call Calgary home and join the community.
