### SESSION SYNOPSIS:

With the assistance of PO Brad Nichols and A/Sgt Dennis Smithson, Dr. Margaret Doyle BSc MVB MSc MRCVS will discuss the link between animal and human abuse. Those who abuse animals are likely to abuse people as well. As we are on the front lines we need to be able to recognize potential animal abuse cases and know when to report them. In this talk, some correlations between human abuse and animal abuse will be discussed, as well as what red flags to watch out for in potential animal abuse cases.
